**Dear Mrs. Nana,**

I would cordially like to invite You to participate in the 8<sup>th</sup> Eastern Europe Initiatives Congress (EEIC) organized by the City of Lublin and the Government of Lubelskie Voivodeship on 23-24 September 2019 in Lublin, Poland. We will be honored with your personal participation in the ongoing discussions. Foundation in Support of Local Democracy is a partner of Congress.

Congress is a platform for building lasting cross-border relations between the European Union and the Eastern Partnership countries, a place of inspiration and a forum for ideas in the international cooperation field. Our event for years gives the opportunity to exchange experiences, join new initiatives, get partners to implement projects. This year, during the Congress, a new dimension will be added, focusing on cross-border business cooperation.

The year 2019 is a special year for Lublin - July 1 marks the 450th anniversary of the Polish-Lithuanian Union, called the Union of Lublin. Congress will be a great opportunity to discuss the common cultural and historical heritage, important role of Lublin and our region in forming the European community of nations, as well as summary of the 10th anniversary of the Eastern Partnership and the 15th anniversary of Poland's and Lithuania's accession to the European Union.

We will be obliged for providing information about the Congress to potential participants.

Any additional information, including information on special guests to the Congress, can be found on the website of the Congress [www.kongres.lublin.eu](http://www.kongres.lublin.eu)
